-  **Content deadline**
-  **Advertising deadline**
-  **Editing deadline**

JANUARY-FEBRUARY

 23/01/2026  23/01/2026  06/02/2026

- Pharmaceutical and biopharmaceutical engineering I
- Machinery, equipment and technology for pharmaceutical production I
- Process automation and robotics I
- Software for managing pharmaceutical production and processes I
- Facility maintenance and inspection I
- Filtration I

PHARMACEUTICAL ENGINEERING SPECIAL

 06/04/2026  15/04/2026  17/04/2026

ADVANCED FACTORIES TRADE FAIR SPECIAL, Barcelona, 5-7 May.

- Who's who in pharmaceutical engineering? Companies and associations
- Solutions for Industry 4.0
- Projects and facilities for the pharmaceutical and biopharmaceutical industry
- Design, manufacture, installation and maintenance of clean rooms
- Design and automation of pharmaceutical and biopharmaceutical processes
- Air conditioning
- Pure water equipment and treatments (PW, HPW, WFI)
- Industrial steam
- Gases
- Industrial health and safety (machinery inspection and control)
- Energy management
- Environment

MARCH-APRIL

 23/03/2026  08/04/2026  10/04/2026

NET ZERO TECH SPECIAL Barcelona 3-4 June.

- Filling and packaging machinery
- Labelling, coding and traceability
- Packaging
- Storage (solutions for management, control, hygiene and safety)
- Logistics and distribution
- Warehouse automation and management
- Clean rooms I

MAY-JUNE

 11/05/2026  20/05/2026  22/05/2026

EXPOQUIMIA TRADE FAIR SPECIAL, Barcelona, 2-5 June.

- Continuous manufacturing I
- Quality control in the production process I
- Validations, certifications I
- Consultancy and training
- Regulations, registrations and legislation
- Gases for pharmaceutical production
- Sterilisation processes I
- CSR (Corporate Social Responsibility)
- CDMO (contract development and manufacturing) services I
- PHARMACEUTICAL INDUSTRY SUPPLIER GUIDE

JULY-AUGUST

 13/07/2026  31/07/2026  11/09/2026

FARMAFORUM/LABFORUM SPECIAL Madrid, 22-23 September

- Biotechnology special
- Machinery, equipment and technology for biopharmaceutical production
- Health and safety in biopharmaceutical production
- Software for managing pharmaceutical production and processes II
- Pharmaceutical engineering and maintenance
- Quality control in the production process II
- APIs and excipients
- Energy management in the pharmaceutical and biopharmaceutical industry

MEDICAL CANNABIS SPECIAL

 06/07/2026  31/07/2026  11/09/2026

CANNABISFORUM 2026 SPECIAL

- Current affairs
- Quality
- Consultancy
- Sterilisation
- Regulations
- Business opportunities and future prospects
- Facilities

SEPTEMBER-OCTOBER

 28/09/2026  06/10/2026  09/10/2026

CPHI SPECIAL (28-30 October, Frankfurt) EMPACK FAIR SPECIAL (Madrid, November)

- Filling and packaging machinery II
- Labelling, coding and traceability II
- Packaging II
- Storage (solutions, management and control) II
- Logistics and distribution II
- Warehouse automation and management II
- Clean room equipment

SPECIAL FEATURE: QUALITY IN THE PHARMACEUTICAL INDUSTRY

 02/11/2026  11/11/2026  13/11/2026

- Who's who in pharmaceutical quality? Companies and associations
- Regulatory update (Annex 1 GMP, quality assurance of computerised systems, pharmaceutical regulation, etc.)
- Quality by design.
- Continuous process monitoring. KPI. PQR.
- Optimisation of Quality Management Systems.
- Digitisation and Quality Management
- Multi-standard Quality Management Systems (medicines, cosmetics, medical devices)
- GXP audits
- Medicine supply and shortage prevention plans.
- Environmental impact based on the new regulation

NOVEMBER-DECEMBER

 30/11/2026  04/12/2026  11/12/2026

- Continuous manufacturing II
- Clean rooms II
- Sterilisation processes II
- Validations and certifications II
- Pure water equipment and treatments (PW, HPW, WFI)
- CDMO (contract development and manufacturing) services II
- Solid treatment
